**Volume VIII**

# A Year for Country Scenes

Simple Country Living has always appealed to young people. The country is very much alive in Mesquite and has its influence on our students still. This year we honor the part of us that has suddenly become stylish, our country heritage. North Mesquite students will have to admit . . . "We're a little bit country . . ."

Right: A much used windmill that is pumping water on a local farm.

Below: A reminder of our past, a Mesquite wagon resting near a barn.

# Country Boys

Left: Students Pat Patterson and Henry Demers show that denim never goes out of style.

Right below: The longest running of the cowboys is Big Tex at the State Fair of Texas.

Bottom: Horses abound in the city limits and remind us of our mascot, the Stallion.

# Country Fun

Right: Adena Collard and Karis Gibson enjoy the company of some country neighbors.

Below left: Sandy Malone, Kris Bruck, Kim Boyd and Pam Russell are ready for a day of fishing at a local pier.

Below right: Kathy Roe and Jay Glover relax after school.

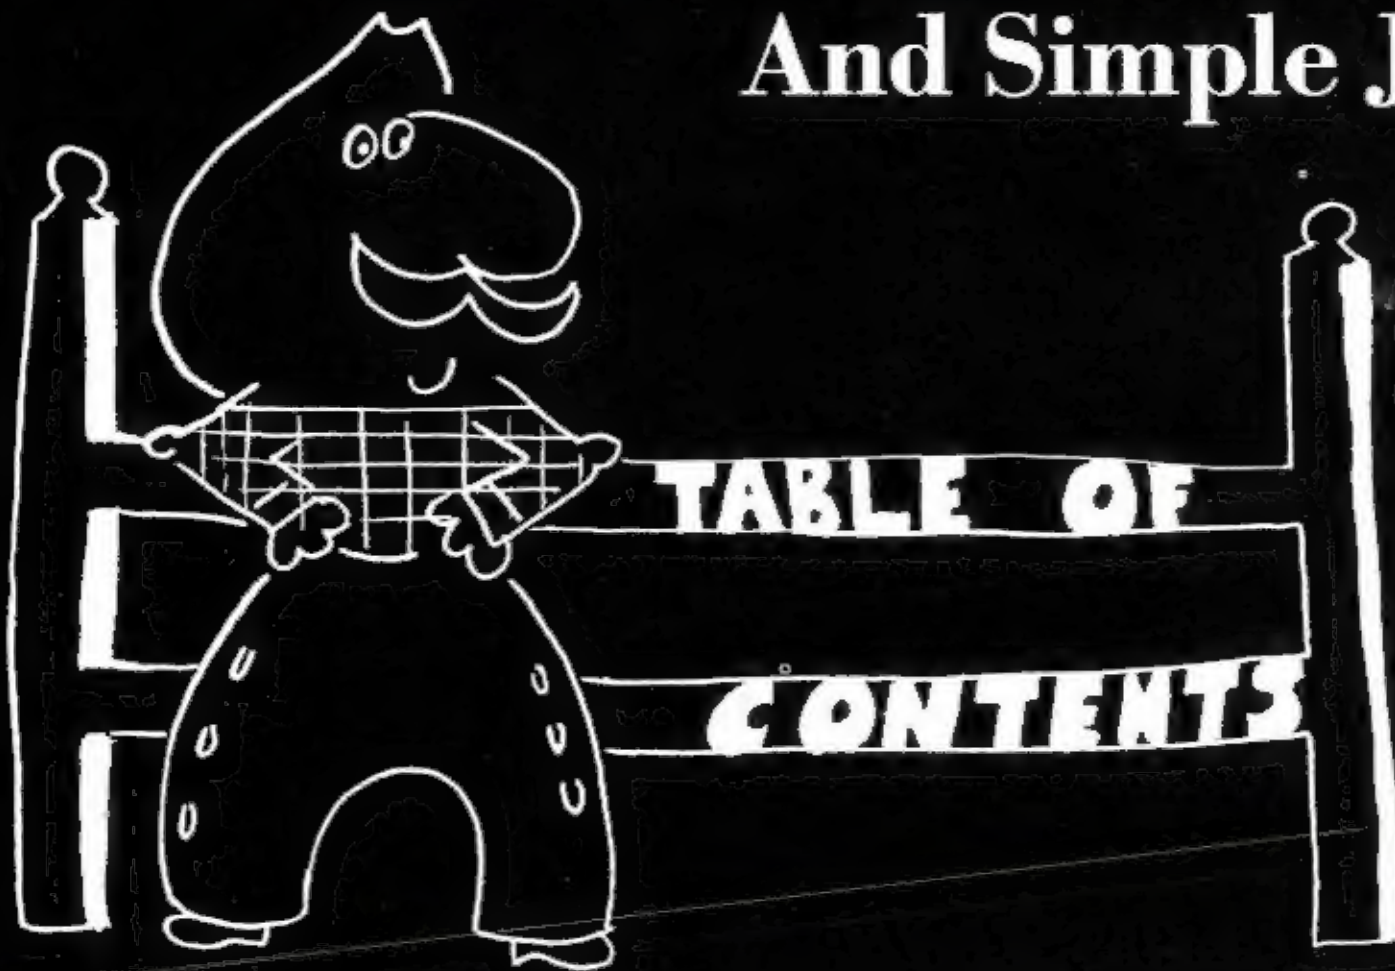

Below: This year's theme symbol, the Trailblazer, created by student Valerie Gagg, is shown relaxing on a fence post.

# Superlatives

Superlatives are considered best all around in academics and personality. The Honor students are our greatest minds and the favorites have the best personalities. Both are honored and respected by the student body.

# Favorites See the Country

Above: The favorites go outdoors to take a look at country scene. Miss N.M.H.S. went to Kathy Patton, and Mr. N.M.H.S. went to Warren Lee. All School favorites were named Kathy Roe and Jay Glover.

At left: Kathy Roe was elected by the student body to be the all School favorite. She has been a cheerleader for 4 years, and is now a head-cheerleader. She was a member of the Blue Brigade for 2 years. Kathy is a member of the N.M. choirs.

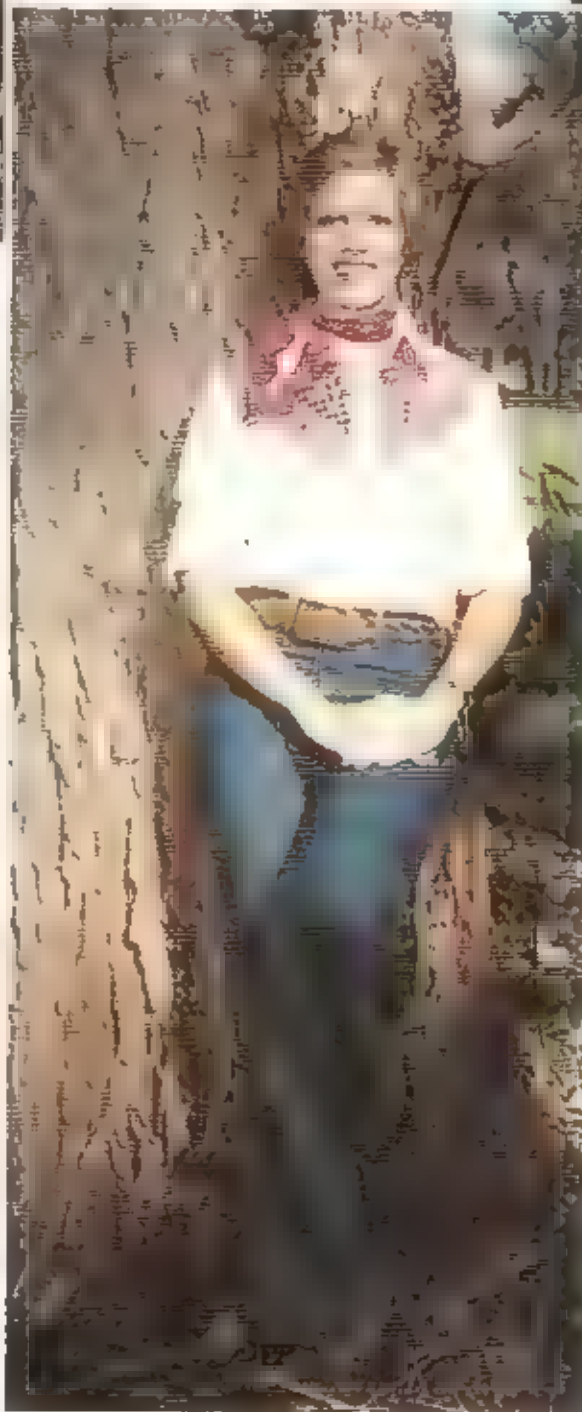

# The Old-Fashioned Way

Kathy Patton received one of the highest honors of North Mesquite, which she well deserved. Kathy was a very active student, she was a class officer her freshman year and an officer of the Blue Brigade. Her sophomore year she was the captain of the J.V. Drill and class secretary. On Kathy's busy schedule she found time to hold the President of the girls F.C.A., and vice-president of the senior class. Kathy is a member of the golf team, and sings in the choir.

Jay Glover was chosen by all the students of North Mesquite to be all School Favorite. Jay played both basketball and football his freshman year, he played on the varsity team for three years. Jay played halfback and wore the number 44 on the team. Jay also enjoyed running on the track team. Jay was a member of the Boys F.C.A.

Warren Lee was elected to hold the title of Mr. N.M.H.S., for 1976. Warren is very active and enjoys sports, his favorite is football, he played freshman football, and J.V. Football, then played Varsity for 2 years, and wore the number 85, and played the position as an end. Warren was known as "Doctor Death" by all the guys on the team, and coaches. Warren hopes to play college football after he graduates from high school. Warren received many district awards.

# Freshmen Favor Doing Nothing

## Sophomores Enjoy Hobbies

Above: Freshman Favorites are seen in the park doing nothing, which many do. Randy Davis was named as the freshman favorite because of his friendly personality. He plays on the Fresh. Football team. Traci Sharp was chosen by her friends, she enjoys many sports and because of this she is a cheerleader.

At right and left: Sophomores found many new hobbies for after their first year. A girl who thinks of others before herself is Carrie West. Carrie has been cheerleader for 2 years and enjoys being with her friends. Matt Marion stays very active in sports around N.M., he has played football for his second year and track. He is said to stay very busy, and enjoys it.

## Favorites Find Time for Fun

Above: Favorites take time out to have some fun before returning to their classes. Randy Trussell was chosen as junior favorite. Randy is an active member of the Varsity football team. He was Defensive Player and All-District Player chosen by the District's coaches. Julie Kula was also named junior favorite, she was a cheerleader for 2 years. Julie is a member of the N.H.S. and a member of the F.C.A.

At right: The senior favorites enjoy time away from school. They are Kevin Ray and Belinda Turner.

# Election Names Best Personalities

Below are class favorites: Freshman favorites are Traci Sharp, and Randy Davis. Sophomores named Carrie West and Matt Marion. The juniors chose Julie Kula, and Randy Trussell. Below: The Senior favorites named were Belinda Turner, and Kevin Ray.

Above: Belinda Turner was chosen by all the seniors to be the senior favorite. Everyone has seen Belinda in many school plays and musicals, she spent many school hours working hard for the Drama Department. Belinda also enjoyed singing in the Acappella choir.

You could find Kevin Ray out on the baseball field, where he spent most of his time. Kevin enjoys many sports, he played on the freshman and sophomore football teams and basketball teams. His junior and senior year he has enjoyed playing on the baseball team and running on the track team. Outside of school he likes to water ski and coach pee-wee basketball and softball. Kevin has been a active member of the F.C.A.

# Queens Highlight the Season

One of the biggest highlights of North Mesquite during football and basketball season is the election of the queens. Being selected a Queen holds a special meaning to each girl, this also means the entire student body has chosen each girl to represent the school in many activities.

At right: Football Sweetheart was named, Kris Bruck. The Homecoming Queen of the 1976 was Sandy Malone. Below left: The Basketball Sweetheart was Jennifer Truesdell.

Below: The Stallion Battalion Sweetheart was Pam Russel. The Band Sweetheart was Kim Boyd.

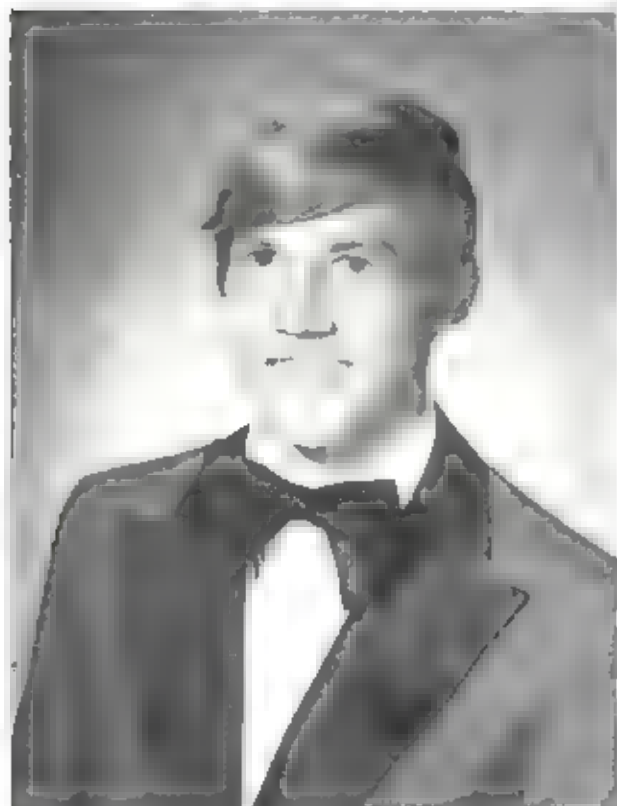

# Trailblazer Award Given to Dedicated Seniors

Paula Griffin is always involved in something. She performed in JV Drill. Paula has participated in the Silde Rule Class and traveled to many tournaments. She has been playing Varsity Tennis this past year. Paula was President of the National Honor Society and the Spanish Club. For her efforts we, the Trailblazer Staff, have decided she deserves this honor.

Steve Elwonger has been an active member of FCA for four years. He is in the French Club and FHA. What he is really known for is his running ability. Steve has participated in many district and state Cross-Country meets and won quite a few awards. We on the Staff found Steve deserved this honor.

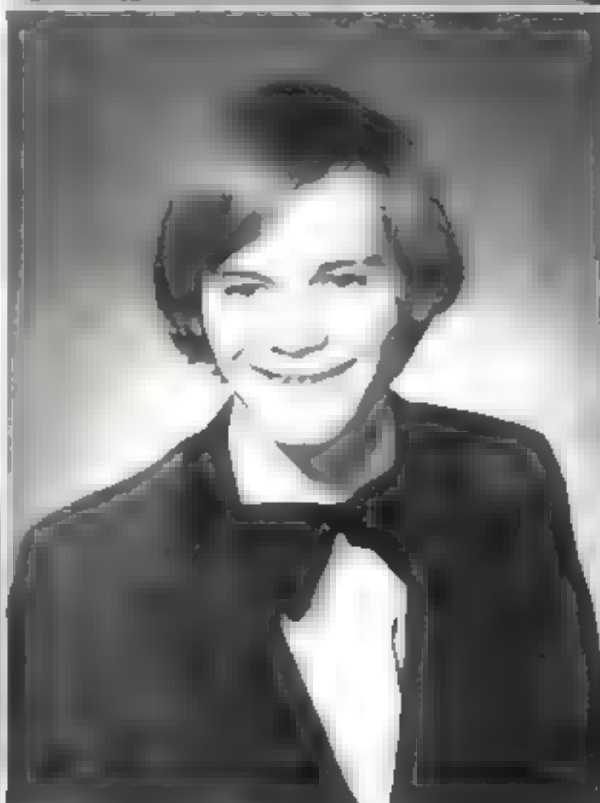

Robin Root has dedicated much of her time in the choir department. She has been involved in Choir since her freshman year. Robin has been honored in most contests she has entered. She has been to State for the past three years. She was the Student director for the Freshman choir. Robin was also the Secretary for the National Honor Society.

Sandi Izzarelli is a devoted girl. She has dedicated a lot of work to the Drill Teams. She was in J.V. Drill and Pacesetters. Sandi was the Captain of Pacesetters her Senior year. She was class Vice President both her Sophomore and Junior years. We believe she earned this honor.

Scott Johnson played basketball during his Freshman year. He has spent three years on the Varsity Baseball team. He was also a member of FHA. Anyone who knows Scott also knows he would never miss out on deer season. For Scott's enthusiasm we feel he best deserves this honor.

Brian Colwill when you hear something about Brian Colwill it is usually about his friendly personality or his grades. Brian has been the President of the Latin and Science Clubs. He was also in the National Honor Society for three years. Brian is interested in soccer and was on the Varsity team. We feel he worked hard and put a lot of time in for this honor.

# Officers Seek New Goals

Left: After one year at North Mesquite, the sophomores found more goals to make the year more enjoyable for their classmates. The President of the Sophomore Class was Kim Langston, the Vice-President was Pam Brunet, and Secretary was Penny Peyton.

Right: Freshman officers find new experiences in the first year at North Mesquite. The President of the Freshman Class was Traci Sharp, Vice-President, Laci Folks, and Secretary, Sandi Wilson.

# Officers Lead the Classes, Earn Money for Activities.

Left: The Senior Class Officers were elected to lead the fun activities that all seniors enjoy. The President was Russell Floyd, and Secretary Kris Bruck. The Vice-President was Kathy Patton.

Right: Byron McCoy was elected President Junior Class, the Vice-President, Kim Sipe, and Secretary Lisa Judd. They have worked hard to prepare the juniors for activities during the year.

# Mrs. Psencik Named Teacher of the Year by Student Body

Left: Mrs. Nancy Psencik is shown at North Mesquite minutes after receiving her award at the special awards assembly on May 18, 1977.

Below: Mrs. Psencik is shown in one of her variety of rooms, including the barracks. Here an English teacher seems a little out of element in a Math classroom.

English Teacher Mrs. Nancy Psencik was honored this year by her students, who voted her Teacher of the Year. She is well known for her innovative and enthusiastic teaching, which has included several unique bicentennial projects and a book writing assignment. She has taught English I, II, III and C.V.A.E. classes and managed to create interest in them all. Nancy is busy outside of school with her husband and young son, and is an accomplished seamstress. She is looking forward to a new challenge next year when she takes on the Speech and Debate programs at North Mesquite.

# Brian Ranks First in Class

Left: Brian Colwill poses for his Senior picture in the fall of 1976.

Below: An early photo of a very bright and happy child provided by Mr. and Mrs. Colwill. Bottom, Brian at 1½ years of age and already looking promising.

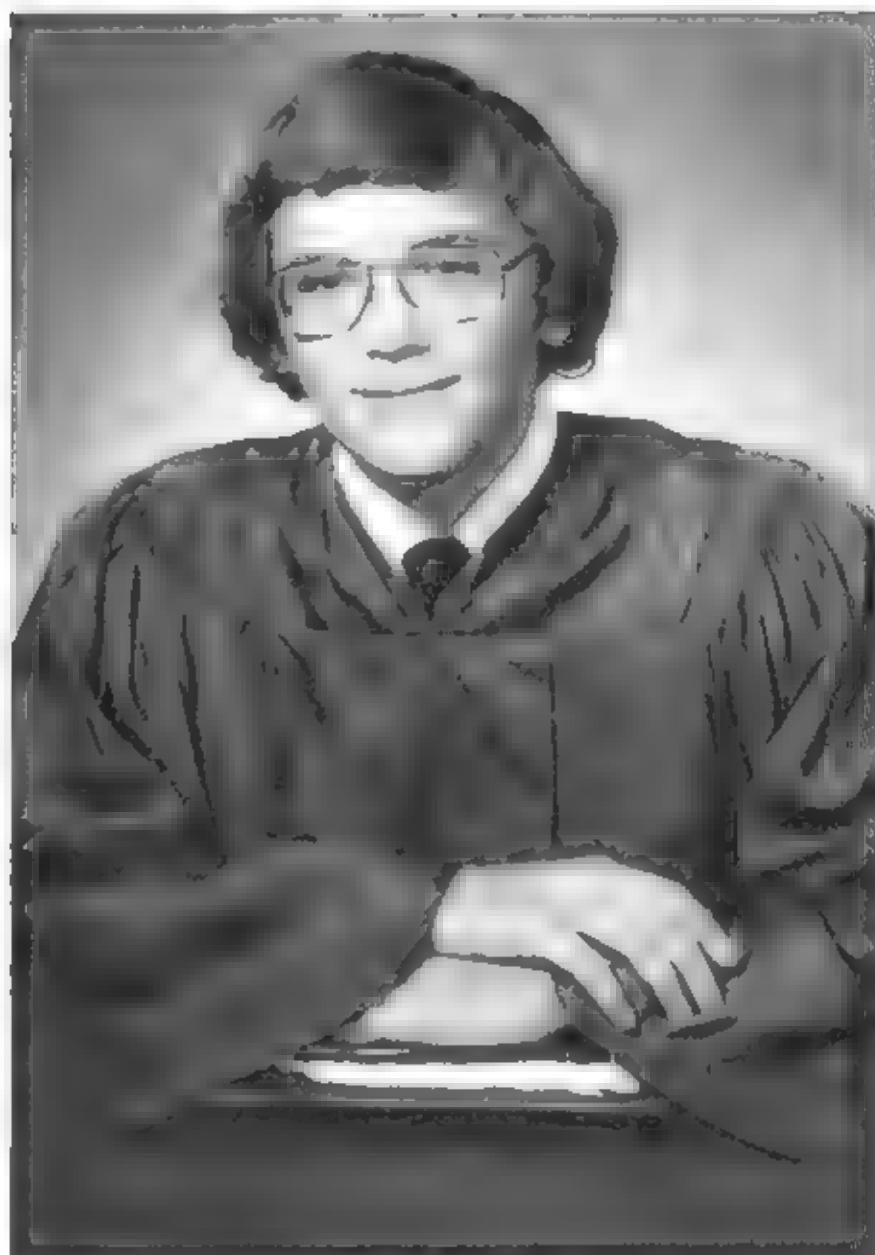

The top graduate in the Class of 1977 was not much of a surprise since Brian Colwill and Keith McClellan had large leads for quite a while. When the duel ended the top two emerged. Brian served as President of the Latin and Science Clubs. He completed four years of Latin and became an active competitor in Latin meets. Brian played on the District winning Soccer team and was named Top Soccer Player in the district for 1977. Brian also displayed his multiple talents by acting as yearbook photographer. He completed his year with an excellent commencement address and a scholarship granted by Southern Methodist University. He also received the Elks Lodge Grant in Mesquite.

# Keith Receives National Merit Scholarship

Below: Keith at the age of 3 reading to his 3 month old sister Dawn McClellen.

Above: Keith seen in his graduation picture.

Below: Keith at the age of 5 and 13 years old.

Keith McClellen has spent many hours working in the fields of Number Sense and Science. He was a member of both the Math Club and Science Club. His Junior year he won District first place in Number Sense. He won the Math Department Award as a Junior also. Keith has been a member of the N.H.S. for 3 years. This past year Keith attended many contests, he won 1st in Number Sense, 2nd in Regionals, and 3rd in Science. Keith received many Scholarships, he won the National Merit Scholarship; and this is a first for a North Mesquite student. He also received scholarships from Dallas Association of C.P.A., and Baylor University. He will be entering as a sophomore at Baylor.

# Organizations

Organizations naturally get the most attention from the students because they are the most fun. Conventions, workshops, parties and working together are all part of organizations. The time spent after school and on weekends with your favorite club is always the source of great memories.

# Student Council Holds Blood Drive

Sponsoring many activities is our energetic Student Council. Among the diverse activities they have sponsored is: arranging for slave sales, selling N.M. stickers, holding a blood drive and providing boutonnieres and corsages for the teachers on Open House Day. # Student Directors Provide Choir Leadership

The idea of choir Student Directors is new. Their main purpose is to direct the Freshman Mixed Choir. They have other jobs which include putting programs together and sometime directing them. The Directors are Robin Root, Dennis Devenport, Jenifer Truesdell, and Belinda Lipe.

# Singing With the Old and New

A small select group of the most beautiful voices are the members of the Chamber Singers. The members are chosen by special tryout and must exhibit outstanding singing ability. The Chamber Singers do most of the entertainment programs for the school district.

This year's outstanding choir at North Mesquite is the Chorale. They give many concerts for Organizations. They are featured at Christmas time in concert. Mr. Jim Casey should be commended for his expert direction of the choirs.

Top: Chamber singers display the casual poise they are known for.

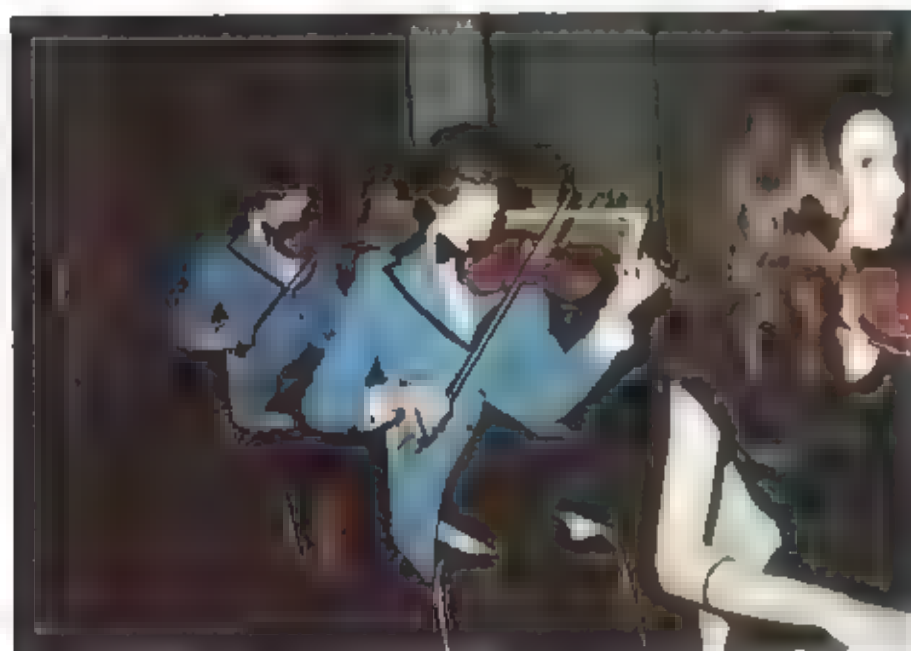

Below The Chorale is shown with officers Chairman - Dennis Devenport, Vice Chairman - Robin Root and Secretary Belinda Lipe.

# Feeling Stronger Everyday

This year's orchestra is being directed by Mr. Weldon Minnick. They are pictured above in the N.M.H.S. auditorium performing an outstanding concert for the Christmas season. The orchestra has expanded this year and has exposed the students to

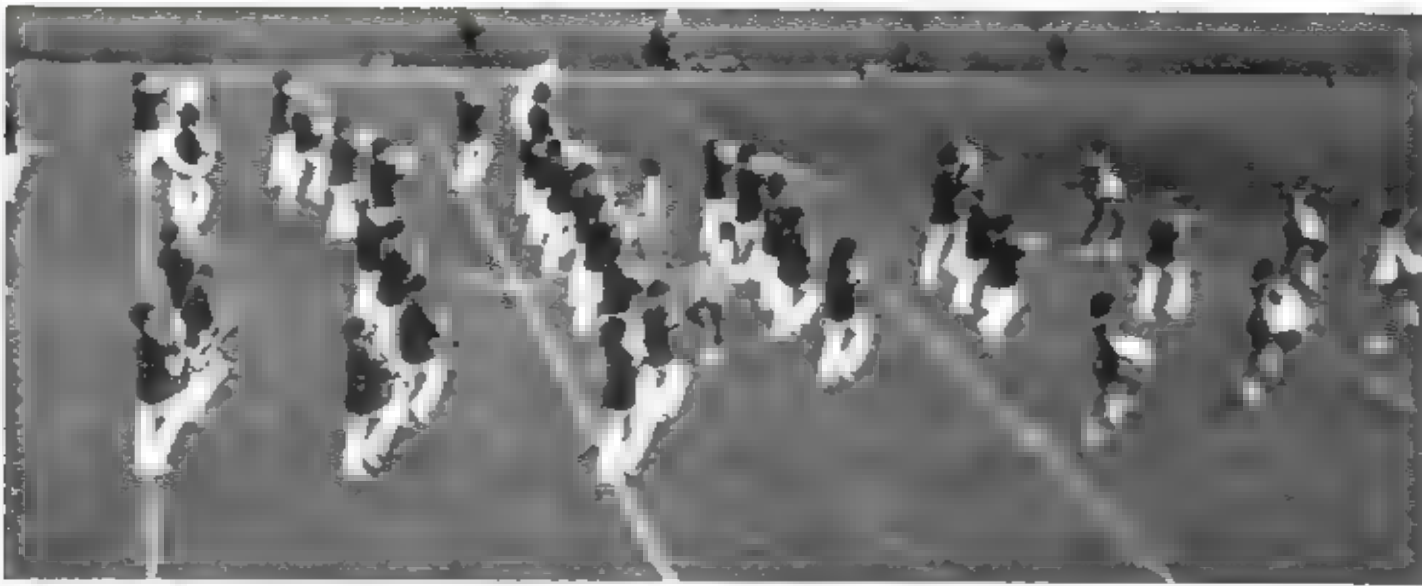

a great variety of music. The talented group has permitted young people to extend their cultural horizons by sharing in several concerts.

Right: David Holley (14) goes high for a clutch reception to keep a Stallion drive alive.

Below: Derrick Albert (83) brings down this Mesquite back as Terry Smith (82) and Randy Trussell (73) move in to help.

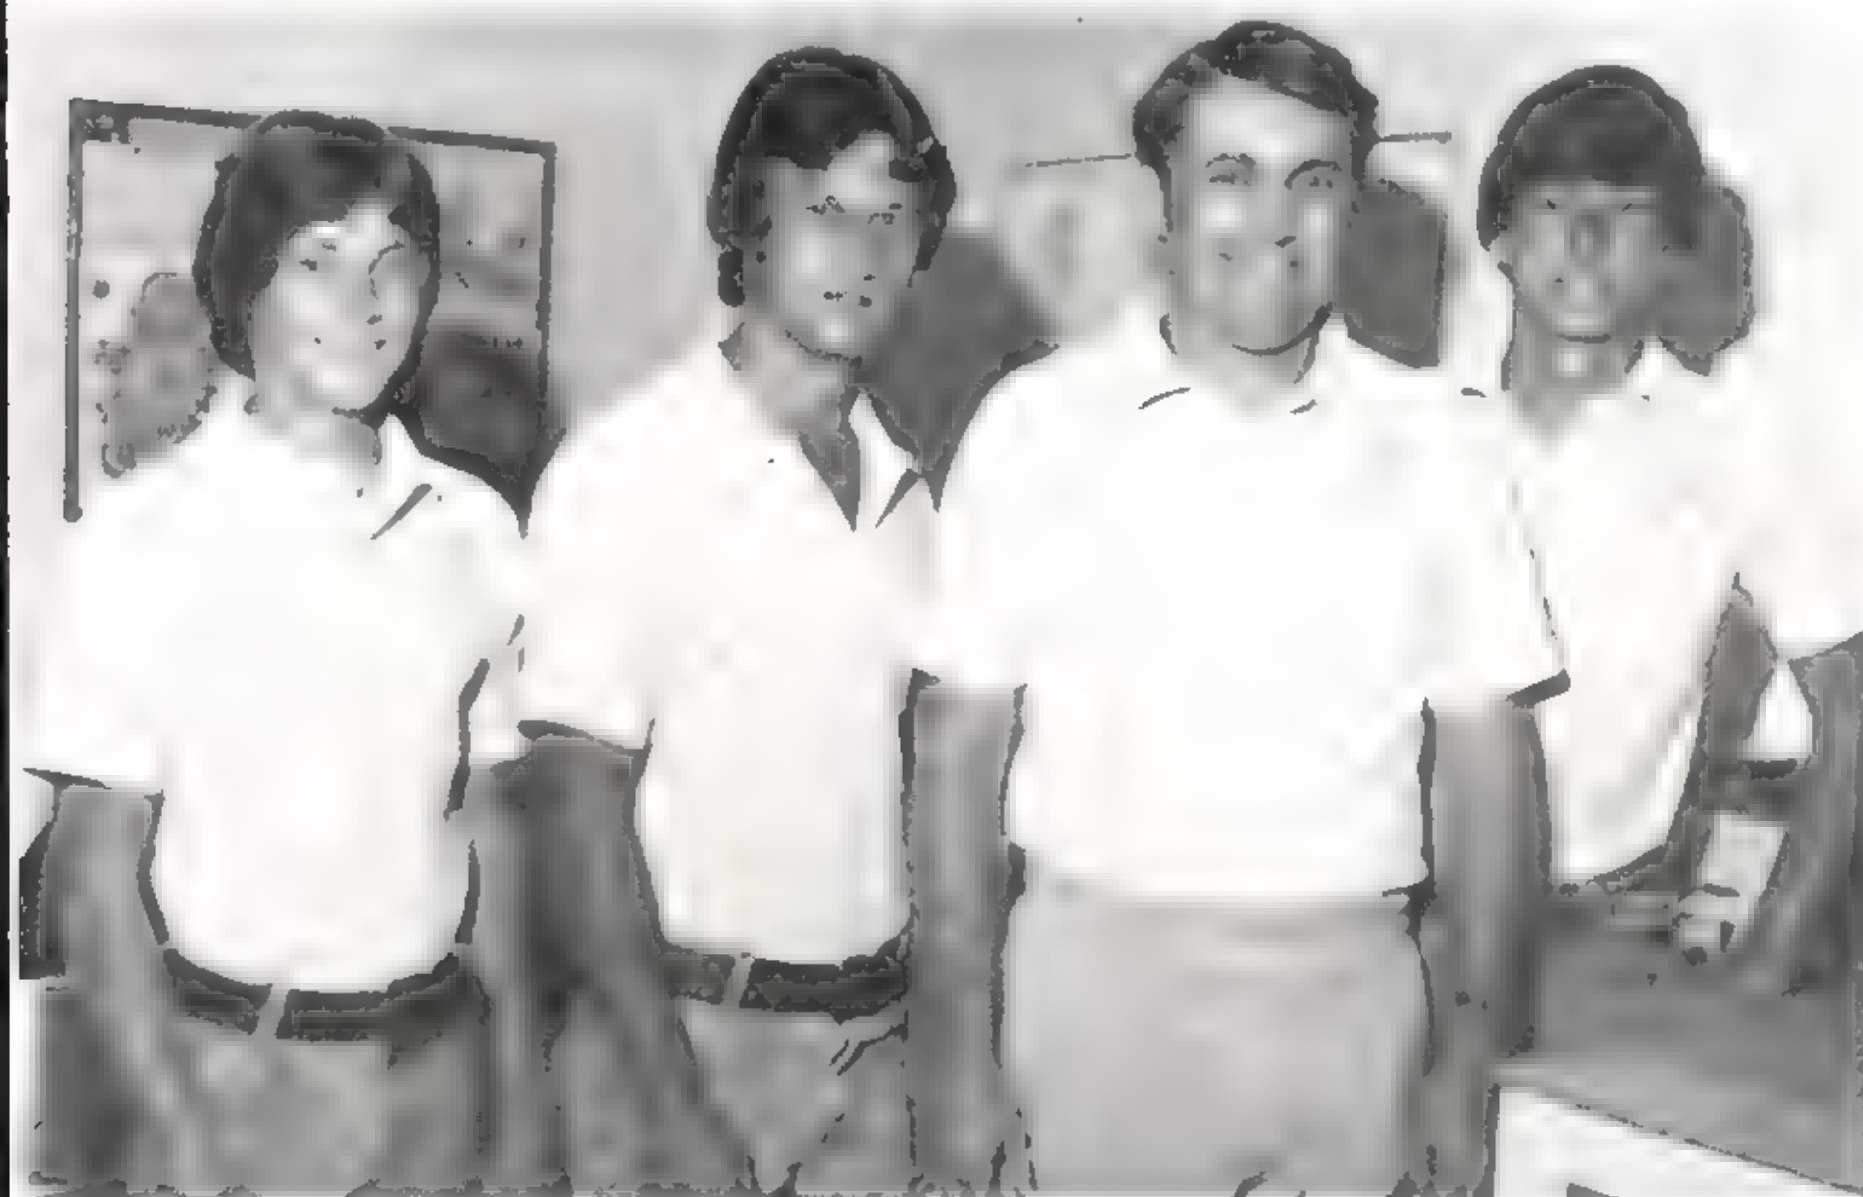

With a spirited offense and a stout defense the Stallions again brought victory to North Mesquite, with a decisive win over our arch-rival. Thus ending a season that had its high points as well as its low points.

# Trainers Play Active Role

Above: The Freshman, J.V. and Varsity Trainers are, Front row: Steve Chittenden, Kevin Jenkins, Coach Dennis Hart, David Gish, Dale Drumm. Back row: Steve Tullos, Mark Swann, Jeff Buetel, Greg DeWitt, Greg Downs, Russell Floyd.

# Baseball Takes District Title

Above: Team members are: Bottom row: Keith Lowery, Richard Coffman, Barry Gumm, Terry Brisendine, Steve Roushey, Shannon Doggett. Middle row: Steve Elkins, Mark Scudder, Brian Aube, Larry Ellington, Taylor Rose, Tony Fisher. Back row: Mike Townsend, Tim Banks, Jay Morris, Chris Campbell, Jeff Simmons, Kevin Ray, Coach Ken Trepagnier. Right: Coach Trepagnier doing what earned him Coach of the Year.

The Stallions brought to North Mesquite its first ever Baseball District title. Their success can be attributed to their experience as ten seniors were a part of the team. The team also brought home other honors as Terry Brisendine, Taylor Rose, Shannon Doggett, and Chris Campbell were voted to the All-District team. Other awards were Ken Trepagnier earning Coach of the Year and Chris Campbell Player of the Year for his outstanding .520 batting average.

# Season Ends Against Panthers

Above: Kevin Ray takes the throw after a swing and a miss by a Duncanville batter.

Left: Brian Aube goes over to Mark Scudder for a routine groundout.

The fine success of the Baseball team came to an end by the hands of the Duncanville Panthers. The opponents state playoff experience and the presence of All-State pitcher Keith Greel took its toll on the Stallions. Thus North Mesquite ended the season with a fine record and a 10-AAAA District title.

The Stallion Track team fought hard all year trying to reach the early goals they had set. Despite their inexperience they continually did well and always gave 100% while managing to accomplish

some of their goals. The season had its brightest moment when Steve Elwonger went to the State meet in the 880 and finished seventh.

# Student Life

High School Students' lives are dominated by homework, new jobs, sports, and eating out. No one ever has enough time. Learning to do so many things successfully is part of the High School experience.

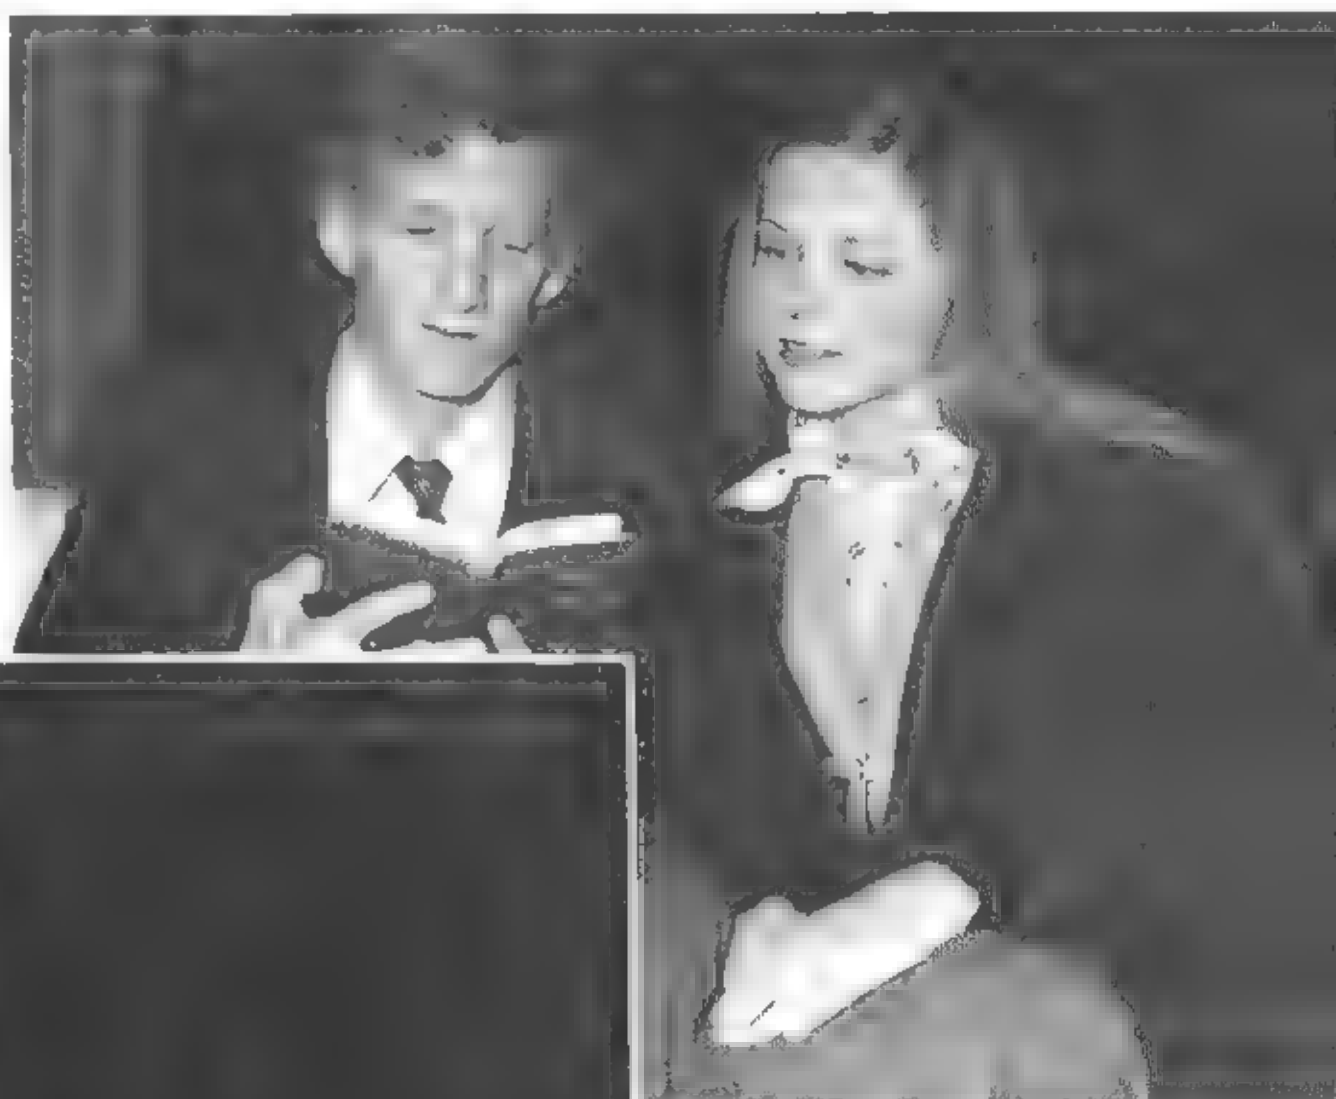

# Acting Achievement Accomplished

Dedicated actors are necessary for the success of an outstanding dramatic play like the Diary of Anne Frank. The student actors who presented the Drama were of the finest quality. They had the talent, dedication, and persistence which made the fall Dramatic production of the Diary of Anne Frank the success it was.

Students showed their talent abilities in the performance of Carnival. Singing, dancing, and tumbling were requirements for this production, not to mention acting. Without the help of students in art, drill, and band, the play would not have had the realistic Carnival atmosphere it did.

Top: Belinda Turner (Anne Frank) and Danny Lautenslagen (Peter Van Daan) try to make Peter's pet feel at home as they settle in their hiding place.

Middle: David Walls (Mr. Frank) and Annette Harleson (Miep) read Anne's diary in an opening scene of the play.

Below: North Mesquite Blood Donor bravely looks on as Parkland Hospital worker checks her arm.

Below right: Derrick Albert, Bubba Martin, and Hershel Dykema look on as Randy Johnson gives blood.

"Let's get quiet for the morning announcements" is a familiar line heard by everyone at 8:30 in the morning. Many important items are discussed such as when to buy annuals, winners of awards, club meetings and blood drives.

Wednesday, Jan. 19, Parkland Hospital had a very successful Blood Drive. Students 17 and 18 got out of class to give blood - most of them for the first time. The day ended with a total of 90 pints.

# Blood Drives Involve Us

"B" could stand for alot of different things but what really fits in with school are books and bubble gum.

Above: This is the usual amount of books carried through the day to get everyone through school.

Above: Rick Greggo is amazed at Chuck Lacey's fine talent in blowing bubbles with his super blow bubble gum.

Right: Angie Brooks practices on her gum while others watch closely on how it is done.

# Concentrating or Daydreaming?

Above: Gary Longley demonstrates severe concentration. Above right: Senior Valerie Robertson absorbs Hamlet. Below: Co-editor Karis Gibson honors Mrs. Hooper with the first copy of the Trailblazer. Below right: Silas Bryan exhibits daydreaming in rare form.

That rare phenomenon of concentration seems to mysteriously emerge an hour before a test. In appreciation of Mrs. Hooper's devotion to journalistic excellence, she was awarded the 1976 yearbook dedication.

Students who are exhausted with their studies turn to daydreaming as a supplement to their normal classroom activities. But then there is the school of thought that follows the premise of when students are exhausted with daydreaming, they will occasionally turn to their studies.

# A Break With Entertainment

Entertainment is a fine break from the regular day full of exams and classes. Two entertaining programs which the Senior class presented were Rick Presley and Texas Rose. Both were well-liked by all the classes.

All students enjoy the time of day when they can be with their friends and talk about the day's events. Eating in the lunchroom is sometimes the only time of the day that is enjoyed.

Exams are the less popular events of a day. Sometimes when they are all on one day, studying for hours is not unusual.

Above, Rick Presley and Texas Rose entertain at one of the assemblies.  
Below, John Kula and Jean Hooper consume a sample of the lunchroom tasties.

Below right, Susan Mullis is examining for exams.

# Fun Tinged With a Little Fear

Directly above: Two friendly skeletons show Biology students that everyone needs a friend.

Above right: Curtis Smith and Kelly Kidd show the proper way to have a snowball fight.

Below right: Mark Warren finds out the meaning of fear in Mr. Hurst's office.

Students experience different feelings in school. Most of their time is spent with friends and usually they are having a good time and lots of fun. But sometimes the feeling of fear comes along when being faced with the consequences of getting into trouble.

# Graffiti Spreads the “Word”

Graffiti is that rare art form that tends to surface in homerooms and bathroom walls where a lack of interest in schoolwork is overtaken by an intense desire to express oneself in unusual ways.

Examples of graffiti include a collage of Elton John tunes and other assorted expressions. Trailblazer staff opted to exclude bathroom graffiti from printing.

# Homecoming Heightens Halftime

# and Football Season

Homecoming was the highlight of the football season. Many events took place in preparation for this occasion. Elections were held, mums were sold. Then the big day came. The smell of mums and jingle of bells filled the halls. The band and Drill and football teams practiced extra hard to make the whole night a great success.

# Interesting Days With Jeans,

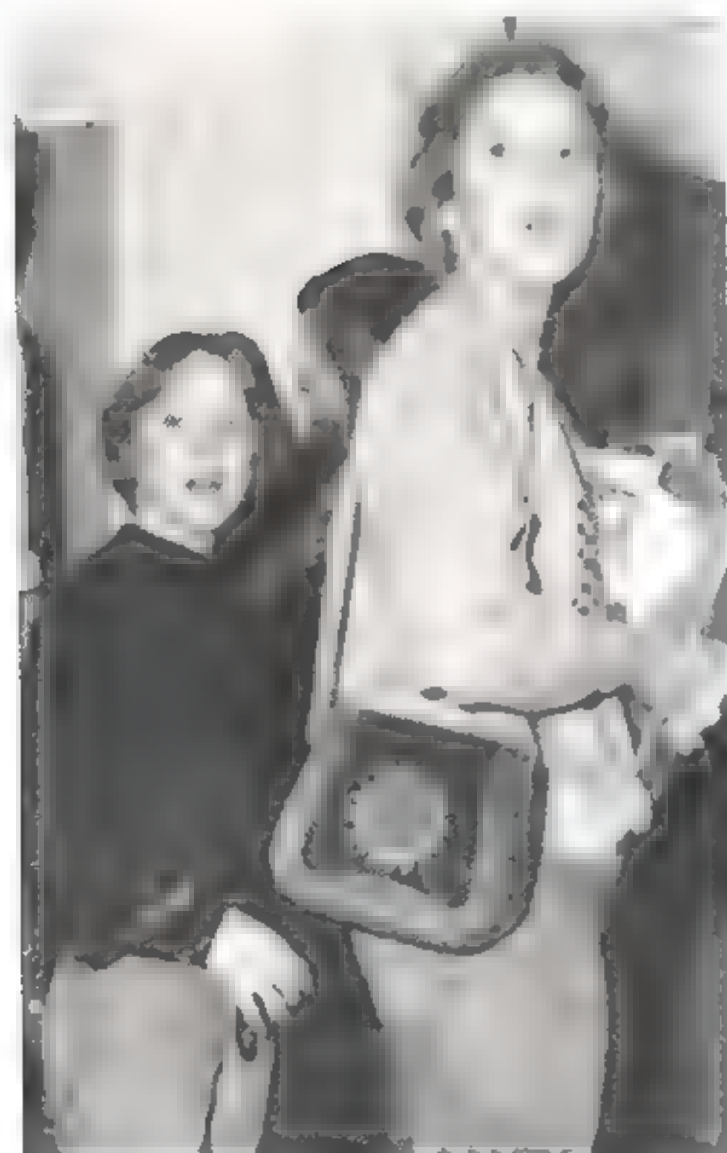

Above: Randy Templeton shows an interest in plastics.

Above right: Insult to injury.

Below: Jeans are joyous.

Below right: J.V. Drill in one of their more graceful moments.

Many diverse interests of student include the wood, metal, and plastics workshop in the new industrial arts building.

A broken arm is painful enough, but added an awkward plaster cast to the predicament and it becomes a real drag. This is the first year that the dress code reflected the more casual form of attire by permitting girls to wear blue jeans. When not performing at a football game or pep rallies the J.V. Drill-Team can usually be found by the tennis courts practicing extremely regimented calisthenics.

# Laughter, Lockers in Common

Above: In the halls between classes a unique form of studying is discovered.

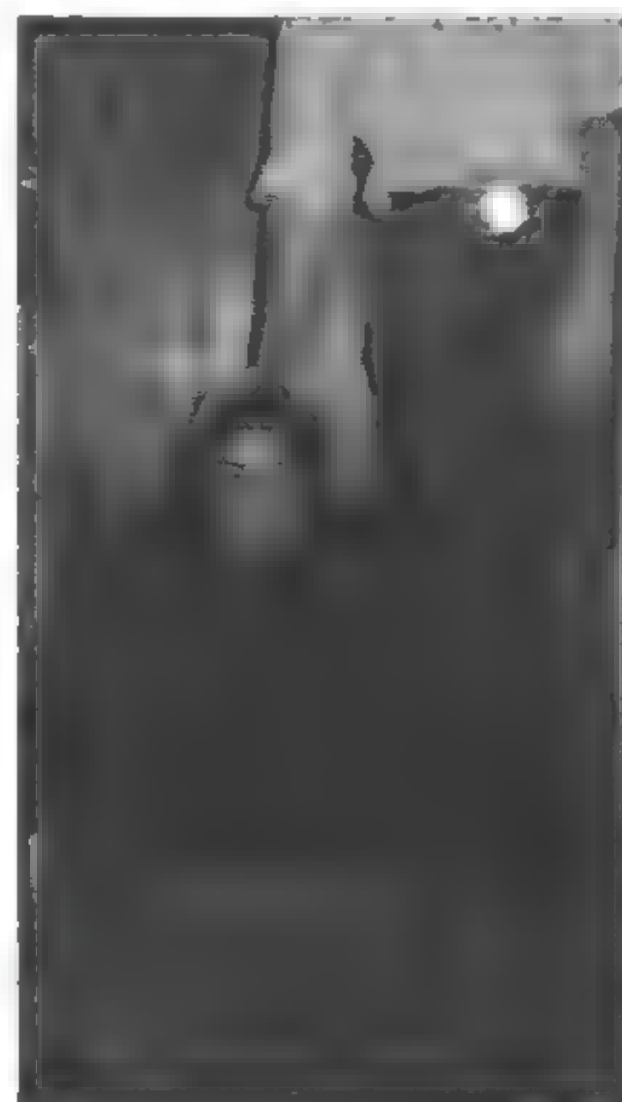

Above: Vicki and Alicia Southall proudly display their neat locker, one of very few found during a busy day.

Below: Cindy Hughes and Nancy Jones enjoy Greg Washington's joke of the day.

Below right: Randy Johnson and James Wantland do their part to keep the laughter up in school.

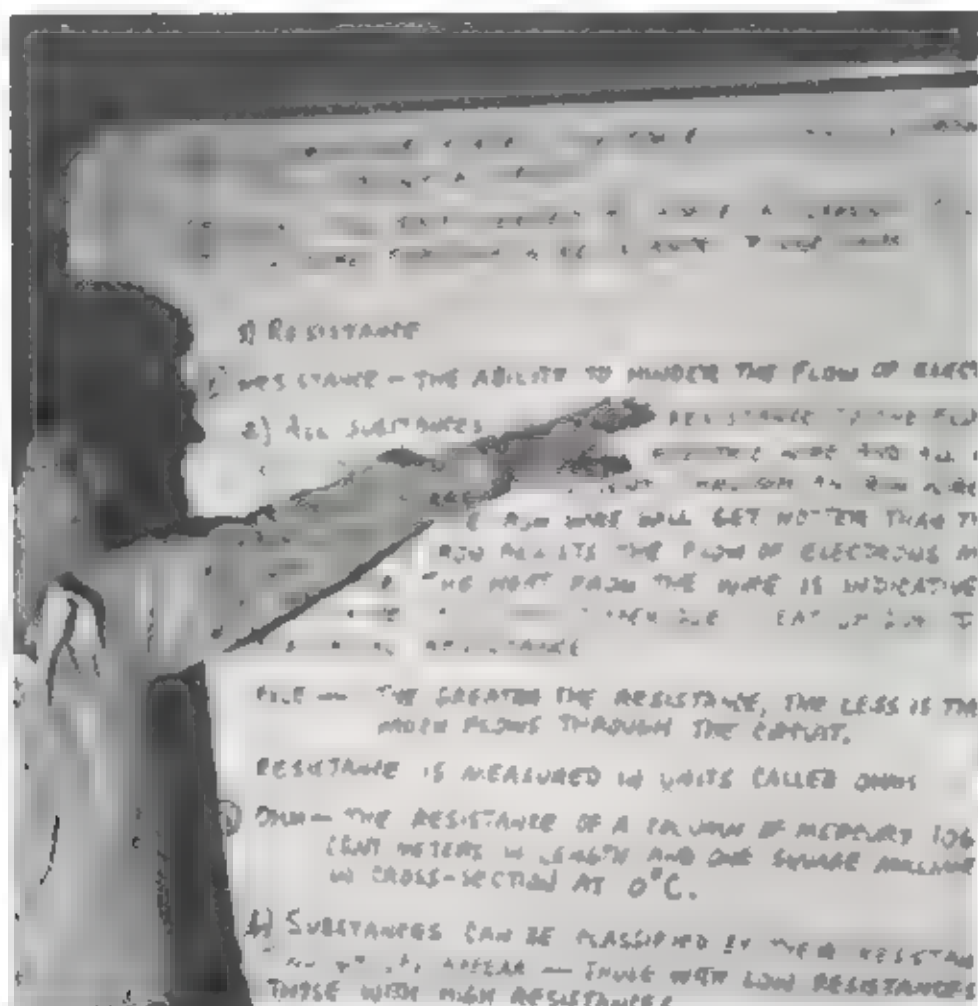

Lockers are a significant part of school because they supply the main excuse for being late to class. Forgetting a combination or getting it jammed are common problems they present.

Laughter is and always will be the best medicine for a hectic day at school. It always brightens the day and helps a long one go by faster. Without the class clowns and cut-ups school would not be the same.

# Musical Notes Join Note-Taking

Above: Mr. Dash lectures to his many followers.

Above right: Band members are known to occasionally blow their own horns.

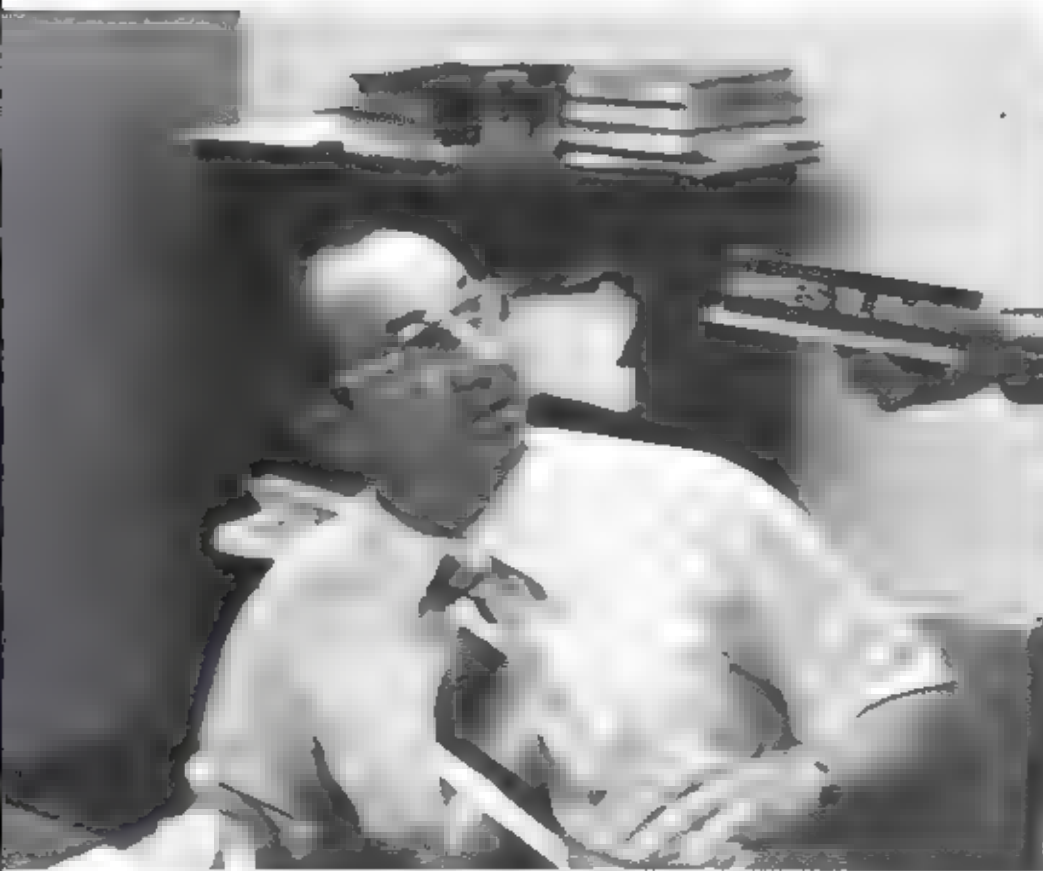

Below: Mr. Hurst issues a note or two of his own.

Below right: Choir prepares for a concert at one of many practices.

The band and choir did a great job on their musical concerts. Both of these groups are very dedicated because they do extra hard work which is time consuming in order to prepare for concerts. There are basically two kinds of notes. One that is taken in class is helpful and good. The other kind that can be hazardous to your health.

# Office a Popular (??) Place

"O" is for office because it seems this is the place that is so popular in the morning around 8:30, a big line forms as Mr. McCoy listens to various excuses for being late. The other type of office is the kind that people get elected to after running. Keith Lowery successfully ran for Area Treasurer and was elected during the area FHA convention and he went to State. "O" also stands for Orchestra who was seen at many concerts during the year.

Above left: Mr. McCoy represents what most people think of when the word office is said.

LET'S MAKE T.D.  
Stallions

Pep Rallies were an event that students looked forward to on Friday during Football season. Posters decorated the halls, gym, and the cafeteria. Many people participated to make the pep rallies successful.

Directly below: Several students cramming for quarter exams. Below right and bottom: The normal push at the back parking lot, full of race cars.

Quarter Exams fortunately happened only three times. These tests required time consuming studying, but for some, it was a day of rest if they were exempt. The Queen for the ROTC was crowned at the Military Ball.

Class Rings are symbols of memories of high school. When it was time to order them decisions had to be made about which stone or medal or design. After ordering then it was waiting. But when they finally came, it was all worth it.

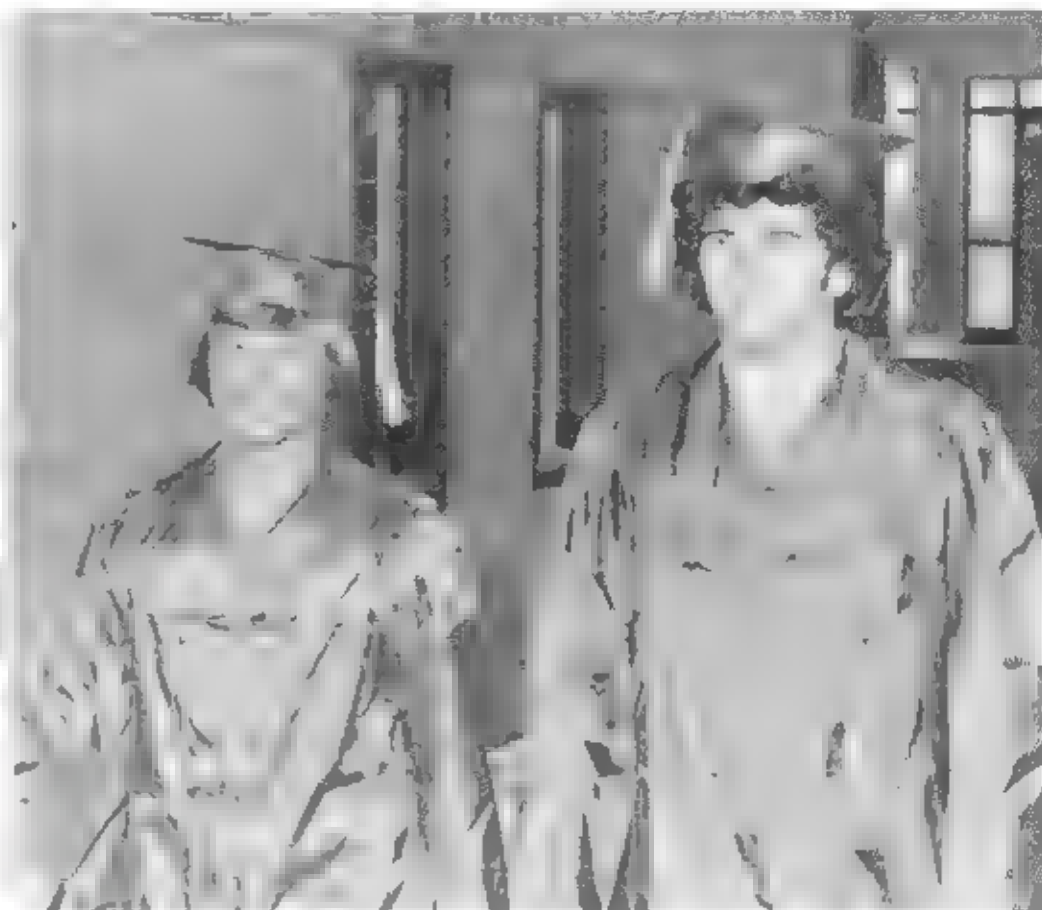

# A Memorable Day

There are so many mixed feelings about getting out of high school. Many people miss it immediately and think that the four years went much too rapidly. But at the same time they are glad to get out so they can be on their own. The day of graduation is one that will always be remembered.

Above Mr. McCoy congratulates highest graduate, Brian Caldwell.  
To the left: Mr. Campbell congratulates Andy Muhl on getting through four years of high school.  
Below: Shannon Doggett and Tony Hollifield agree that this day has been long waited for.

# Week of Graduation Exciting

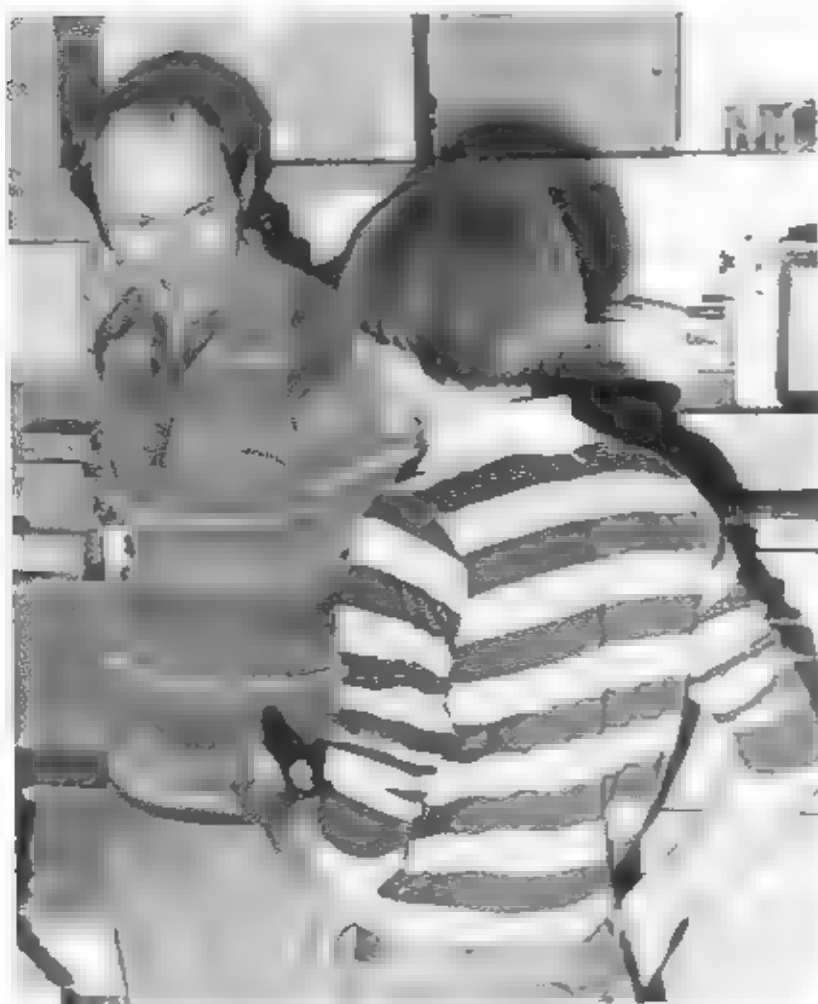

The week of graduation is filled with many exciting activities. Seniors enjoyed the special night set aside for them at Six Flags and afternoon at Sandy Lake. All of the luncheons and parties helped the Seniors to get together with their friends for the last time as a group. There was also of course, graduation and Baccalaureate practice which made the week seem even more full.

Above: Raymond McDaniel and Mike Lindsey share thoughts about their future.

Below left: Debbie Seane, Kathy Holman, and Belinda Turner enjoy pleasant memories of the past just before the May 26th commencement exercises.

To the right: Doug Chisinhall demonstrates one of the talents that students in Art have developed.

Below: A crowded cafeteria of students and graduates trying to get their yearbooks signed.

Bottom: Annual Workers Karis Gibson, Ronald Stivers, Nancy Werry, and Sponsor, Mrs. Baggett, work diligently distributing yearbooks.

STALLIONS

"T" is for Talent because there is such a wide variety of talent that is very wide spread. Ranging from athletics, acting, dancing, music, painting, and drawing. All of these are quite time consuming and require a great deal of practice. "T" is also for Trailblaze. The first day that the Trailblazers are given out is the day of the Annual Signing Party. This day is always a great time for everyone to see old friends and catch up on what happened during the summer.

# Underclassmen Have Unusual Day

Slave day was one day that all upperclassmen looked forward to because of all the fun and laughter. There were two days of slave auctioning at the beginning of the week. Then the slaves received their duties which were carried out on Slave Day.

To the left: Right: Slaves enjoy wearing fashionable attire such as Mickey Mouse ears and motorcycle helmets.

Below left: Two faithful slaves follow behind their master on the Student Council sponsored day.

Below right: Just one of many different types of Races slaves competed in.

# The Thrill of Victory

"V" is for victory and "W" is for Winning. Both victory and winning were experienced by the Soccer teams, who made it to district. Other groups who

enjoyed the thrill of victory were the Baseball team who went to bi-district and our Band and Choir who won Sweepstakes in UIL competition.

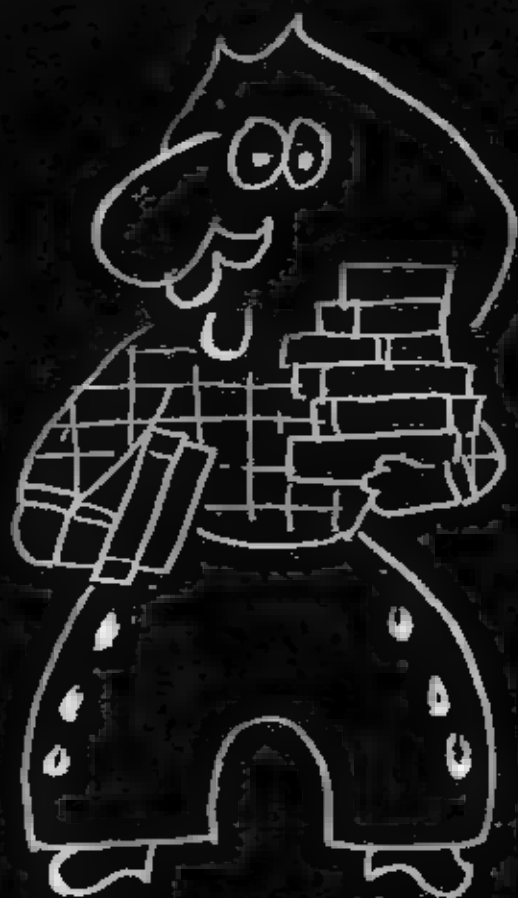

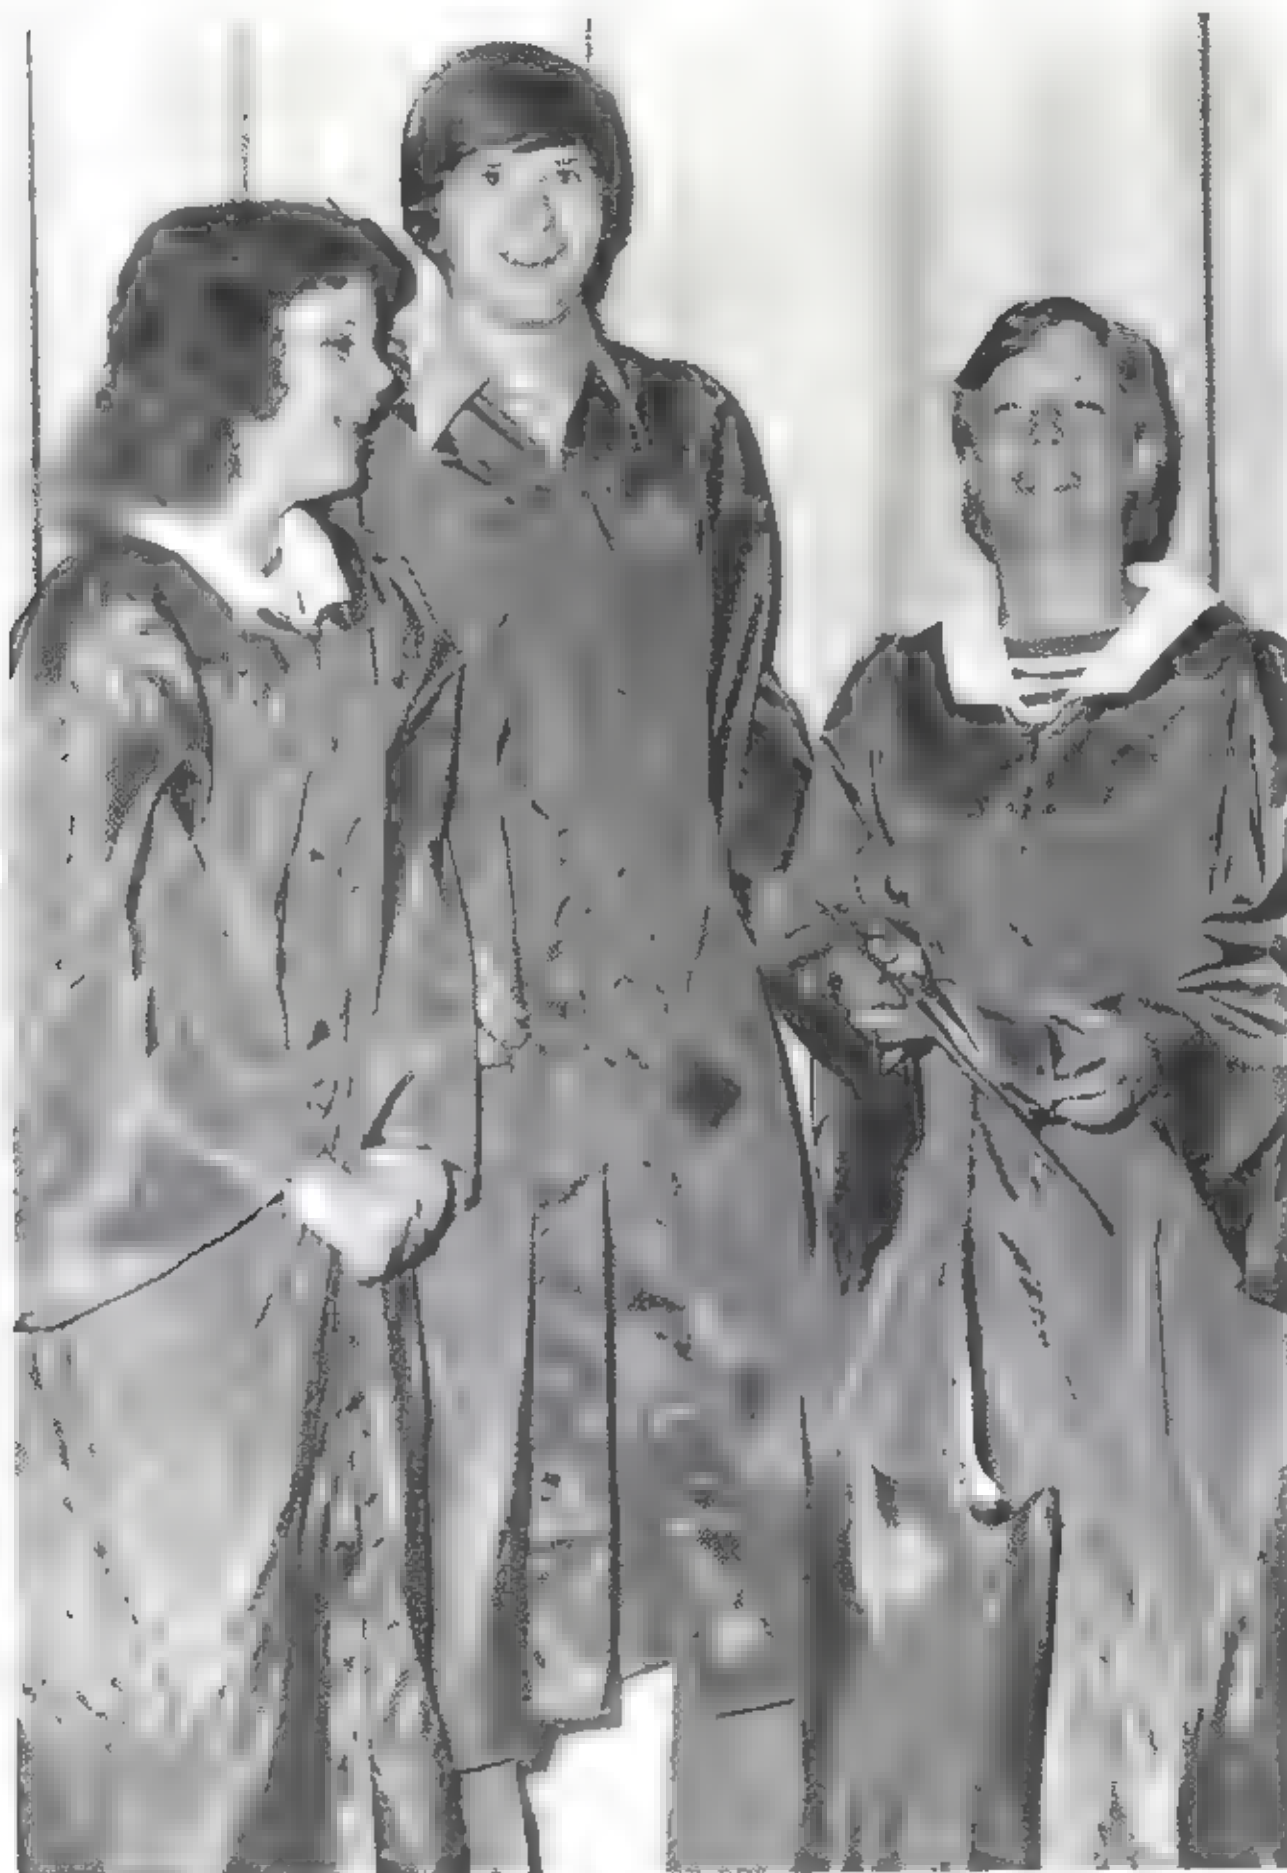

# Classes

Class unity is a fairly new phenomenon at this high school, but it was much enjoyed by the Student Body this year. The large freshman class worked together this year and got more accomplished as a result. The Junior and Senior classes had more activities than usual and the personality of the school benefitted from it. It was a nice change.

1. The first part of the paper discusses the importance of maintaining accurate records of all transactions. It is essential for the business to have a clear and concise record of all income and expenses. This will allow the business to track its financial performance over time and identify areas for improvement.

2. The second part of the paper discusses the importance of maintaining accurate records of all assets and liabilities. This will allow the business to track its net worth over time and identify areas for improvement.

3. The third part of the paper discusses the importance of maintaining accurate records of all debts and obligations. This will allow the business to track its financial obligations over time and identify areas for improvement.

4. The fourth part of the paper discusses the importance of maintaining accurate records of all taxes and other legal obligations. This will allow the business to track its financial obligations over time and identify areas for improvement.

5. The fifth part of the paper discusses the importance of maintaining accurate records of all other financial information. This will allow the business to track its financial performance over time and identify areas for improvement.

6. The sixth part of the paper discusses the importance of maintaining accurate records of all other financial information. This will allow the business to track its financial performance over time and identify areas for improvement.

7. The seventh part of the paper discusses the importance of maintaining accurate records of all other financial information. This will allow the business to track its financial performance over time and identify areas for improvement.

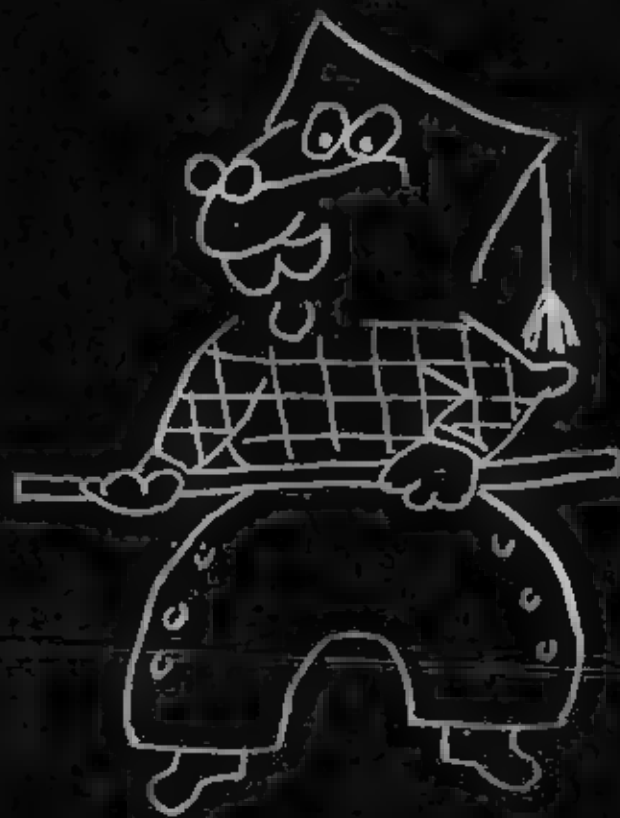

8. The eighth part of the paper discusses the importance of maintaining accurate records of all other financial information. This will allow the business to track its financial performance over time and identify areas for improvement.

9. The ninth part of the paper discusses the importance of maintaining accurate records of all other financial information. This will allow the business to track its financial performance over time and identify areas for improvement.

10. The tenth part of the paper discusses the importance of maintaining accurate records of all other financial information. This will allow the business to track its financial performance over time and identify areas for improvement.

# Faculty

The Faculty at N.M.H.S. has many Trailblazers and they look less like old fashioned teachers than the "Trailblazer" below. That doesn't prevent them however from making everyone set goals and strive to improve. The enthusiasm and interest this faculty shows is much appreciated by the students (but generally not until the students are out of school.)

# Dr. Poteet Provides Leadership

Above: Dr. Ralph Poteet, Superintendent of Mesquite Schools.

Below: Dr. Poteet receives a rifle as a gift at a reception given in his honor.

Right: Dr. Poteet at the reception with his wife and daughter

Dr. Ralph Poteet is a warm, receptive man who works hard to provide leadership for 23 schools with over 20,000 students in the Mesquite School district.

Dr. Poteet's main objective is the constant improvement of the school district. This year many improvements are being made, including the construction of West Mesquite High School, planetarium, and music rooms and gyms for the elementary schools.

Dr. Poteet is also concerned with the improvement of course selections to better meet the needs of today's students. These improvements include co-op programs, the introduction of a variety of Mini-courses and the introduction of industrial courses in the schools.

Though his job monopolizes most of his time Dr. Poteet does find time to be active in his church and teach a course on Organization and Finance at a local university.

When asked about the students of the Mesquite schools Dr. Poteet stated that after traveling all over the United States and, in fact, the world and visiting many schools he finds the quality and attitude of the students in Mesquite some of the best he has ever seen.

# District Leaders Make Changes

Pictured above: Mr. W. C. Beasley, Assistant Superintendent of Personnel; Dr. J. C. Cannaday, Assistant Superintendent of Secondary Schools; Mr. Jack Hicks, Assistant Superintendent of Business; Dr. John Horn, Administrative Assistant to the Superintendent; Dr. Ralph Kerr, Assistant Superintendent of Elementary Schools

Pictured below are the Board of Education. Front row: Harold Jordan, Richard R. Russell, M. D., Mrs. Georgia Kimball. Back row: W. R. Ewing, Mrs. Reba Jones, Clelon Houpt, Buddy R. Roberts.

# Campbell Expands Career

Above: MR. JOHN CAMPBELL

Right: Mr. Campbell is caught on his way out.

Mr. John Campbell is the soft-spoken hard-working principal of NMHS.

He received his Bachelor's degree from Texas Christian University, where he was a member of two Southwest Conference Championship basketball teams. He received his master's degree in Administrative Education from North Texas State University. Mr. Campbell dedicates as many as twelve hours a day to his job of keeping the students and teachers of NMHS happily working together. He seems to enjoy it and says, "Working with young people keeps you young." When Mr. Campbell is not on campus, he is usually on one of the many speaking tours he takes each year. He speaks about life and education, in his witty manner, to youth groups, chambers of commerce, and schools' faculties, all over Texas. Mr. Campbell stated that the most rewarding part of his job is "to see some 3000 people involved in an interrelated atmosphere with very little strife between them."

# McCoy Manages Daily Work

Mr. James McCoy is the efficient assistant principal of North Mesquite High School. He enjoys working with young people and, though it is often necessary, he is not fond of the discipline he sometimes has to administer.

Mr. McCoy's main objective is to make NMHS the best school with the best student body in Dallas County and he feels this goal has been accomplished.

In his spare time Mr. McCoy hunts, fishes, and works in the vegetable garden.

# Advertising

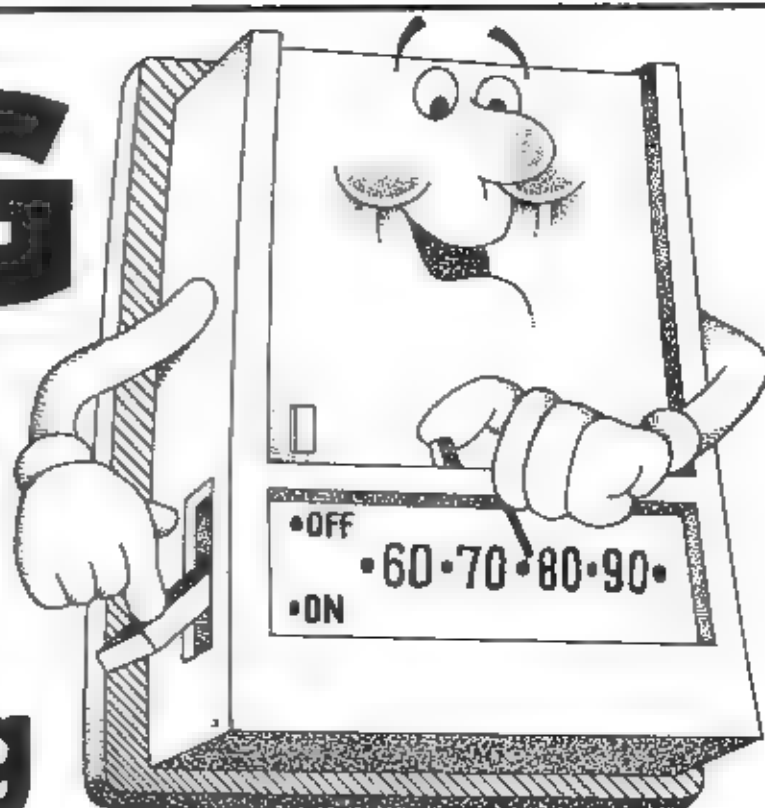

Many community businesses show support for the school by buying ads in sports programs, concert and play programs, the newspaper and the annual. These supporters therefore make many special programs possible. Community supports for the school is much appreciated by the district.

# SAVING TIPS

## on electric air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

### Central Systems

1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.

9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.
10. Keep windows closed. Open outside doors as little as possible.

### Window Units

Follow above suggestions, plus these:

11. Buy units with *highest* "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recirculating, recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

*If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.*

The casual country living of Mesquite and this high school honored in this book will continue after the seniors leave. It was a good year with successful new sports and a new vocational building. The year ended with much celebration, banquets and an exceptional prom. We hope that the Trailblazer captures your favorite moments.
